Berkeley Horticultural Nursery

GEORGE BUDGEN

1310 McGee Avenue

•

Berkeley, California

Fuchsias . . .

We maintain growing plants of all our Fuchsias for display purposes and our garden is a riot of color all during the summer and fall. The public is cordially invited to enjoy this display and here you may see the Fuchsias grown in the various forms; trailing in hanging pots, trained to tree form, and also espaliered. Each year we hold a Fuchsia Show at the Nursery open to the public when Fuchsias are at the height of bloom. This generally occurs in early September and at this time a preview is given of new varieties to appear the following spring. Keep this period in mind as we have thousands of people who eagerly look forward to this occasion.

CULTURE—Fuchsias love the shade and moisture and for this reason are well adapted for the shady side of buildings where they give a wealth of bloom. They respond to a rich soil and applications of well rotted manure is advocated with additional feedings of more concentrated plant food. They will not stand an outside temperature below 20 degrees Fahrenheit.

PRICE—Price of all plants except where noted otherwise is as follows:

From 4-inch pots, 50c each.

Many varieties in larger sizes from \$1.00 up.

Trailing varieties in 10-inch hanging pots, \$3.00 up.

New Introductions in hanging pots at \$4.00 up.

SUBSTITUTIONS—When ordering by mail it would be wise to list a few substitute varieties in case certain ones ordered are out of stock. Otherwise we will use our discretion in making substitutions.

SALES TAX—All orders in California carry a 3% Sales Tax and should be added to remittance sent. Orders shipped outside of California are not subject to this tax.

SHIPPING—We prepay all cash orders over \$4.00 in California. Outside of California, shipping charges are to be paid by purchaser. Such orders will be sent charges collect if payment does not cover. For instance, four plants from four-inch pots will weigh five pounds packed for shipment and for each plant over four add one-half pound and rates from the different zones may be computed.

SAMPLE SHIPMENT—A Special Offer of 12 plants, all named and different, for \$5.00. Postpaid west of the Rockies. Add \$1.00 for shipment east of Rockies.

50 Plants, all named and different, for \$15.00. East of the Rockies add \$3.50. Postpaid.

1956

Fuchsia Introductions

BLUE AND GOLD (Reedstrom)—Full double mauve blue corolla and sepals of palest pink. Lemon yellow foliage on a vigorous growing plant. A good addition to the “foliage” fuchsias. \$1.00 each.

CALYPSO (Reiter)—Trade Mark Reg. A spectacular fuchsia with a double corolla containing chartreuse, cream, cyclamen purple and amethyst violet. Rosy cream buds open to long recurved sepals of unfading Tyrian Rose. Medium upright growth. \$1.00 each.

CAMILLE (Schnabel)—A huge double with spreading corolla of Rose Bengal, reflexed sepals are short and colored crimson. Upright growth. \$1.00 each.

CARMEL BLUE (Hodges)—Long, single corolla of beautiful blue, long greened white tube and narrow outspread white sepals flushed palest blush on underside. Vigorous upright bush with lots of flowers. \$1.00 each.

CARNIVAL (Tiret)—Large, loose double of brilliant Spirea Red and glistening, frosty white sepals tinted on outer sides with delicate pea green. Long white tube, a heavy bloomer. \$1.00 each.

CITY OF RICHMOND (Schnabel)—Medium size spreading corolla of pale pink with white upturned sepals. Medium grower and will flower early in season. \$1.00 each.

COLONIAL DAME (Hodges)—Full double corolla of medium to light pink, short broad out-spread sepals are rose pink, tipped green. Strong willowy grower. \$1.00 each.

CONSPICUOUS (Tiret)—Double compact corolla of clear China Rose, pale rose re-curved sepals changing to lighter shade on the tube. A good grower and heavy bloomer. Trailer. \$1.00 each.

CREPE SUZETTE (Kennett & Ross)—Medium size, semi-double with inner petals white, flushed pink and the four outer basic petals of violet blue and scalloped, opening flat and surrounded by smaller petals. Small bush type. \$1.00 each.

DESERT SUNSET (Waltz)—Large, double corolla of smoky rose with splashes of coral and coppery tones turning brilliant crimson as flower matures. The short, white tube is flushed pink and the up-curved, broad sepals are a rosy shade. Semi trailer. \$1.00 each.

FOREVER YOURS (Tiret)—Large, semi-double corolla of Campanula Violet, heavily marbled at base with light pink and rose madder, long, graceful recurved sepals of pale rose shading to delicate pale green at tips. Semi trailer. Early and continuous bloomer. \$1.00 each.

PRICE OF ALL 1956 INTRODUCTIONS
\$1.00 Each—Any 6 for \$5.00

NEW FUCHSIA INTRODUCTIONS—Continued

MARIN JEWEL (Reedstrom)—Double mal-low purple corolla with apricot to pink shadings at the base of petals. Graceful upturned sepals of flesh pink and slightly darker on under side. Upright type will make a good pot or tub plant. \$1.00 each.

MAYFLOWER (Hodges)—Double, spreading corolla of light pink, sepals deep pink to rose, tipped green. Good sized flowers well displayed in hanging basket. Trailer. \$1.00 each.

MONSTERA (Reedstrom)—Semi-double corolla is magenta and mottled, slightly paler at the base. Buds are deep crimson and sepals turn back over an extremely long stem. Natural trailer. \$1.00 each.

PAPA BLEUSS (Tiret)—Huge, double corolla of deep Bishop Violet slightly marbled at base with delicate crimson. Inner part of recurved sepals are carmine rose and outer part pale rose and ivory. \$1.00 each.

PAPER DOLLS (Reiter)—Trade Mark Reg. Similar to Flying Cloud but they say it is larger and more white. The plants are strong, of medium height and with larger leaves. \$1.00 each.

PINK CLOUD (Waltz)—Single corolla of light orchid pink, short waxy tube and long, broad recurved sepals of phlox pink tipped pale green. Upright grower like Sleigh Bells, of which it is a seedling. \$1.00 each.

PINTO (Fuchsia-La) — Trade Mark Reg. Double cream white with prominent cerise rose splashes on outside petals. Tube and reflexed sepals of brightest rose red. Trailer. \$1.00 each.

SANTA LUCIA (Munkner)—Double orchid pink with rose veining in all petals, outside petals overlaid with salmon rose. Outside petals are attached to the broad spreading, deep red sepals. Large flowers on strong upright grower. \$1.00 each.

SILVERADO (Waltz)—Full double corolla of palest pink, orchid undertone, near white at petal edges. Tube and broad recurved sepals white with soft pink blush on inside of sepals. Larger flowers. Semi trailer. \$1.00 each.

SKYLARK (Kennett & Ross)—Large single corolla of violet blue shaped square with outside sepals white and inner pink, short white tube, but sepals are very long and tapered. Large single blue trailer. \$1.00 each.

STARRY TRAILS (Waltz)—Long single corolla of brightest rose bengal with the tube and very long outspread sepals of flesh flushed pale salmon. Large flowered trailer. \$1.00 each.

PRICE OF ALL 1956 INTRODUCTIONS

\$1.00 Each—Any 6 for \$5.00

NEW FUCHSIA INTRODUCTIONS—Continued

STOP-LITE (Schnabel)—Semi-double corolla of brilliant Tyrian Rose flecked with Geranium Lake. Short sepals of carmine rose and white tube. Strong trailer. \$1.00 each.

SUMMER SNOW (Waltz)—Trade Mark Reg. Semi-double white corolla, tube and curved upturned sepals white tipped green. One of the Waltz outstanding introductions. Natural trailer. \$1.00 each.

Anna (See Pages 6 and 14)

SUNDAY BEST (Kennett & Ross)—Semi-double corolla of large spreading blue petals surrounded by smaller petals of blue, with pink marking. White tube and outer sepals white and inner flushed pink. Upright, vigorous growth. \$1.00 each.

TIPTOP (Hodges)—Single royal violet purple corolla with short tube and long spreading sepals of bright red. Strong upright grower. \$1.00 each.

ULTRAMAR (Reiter)—Very double corolla opens to a delicate gray blue and the base of the large incurved petals are stuffed with short white streaked irregular petaloïdes. Creamy white bud and long broad recurved sepals display a white iridescent inner surface. \$1.00 each.

WEDDING GOWN (Reedstrom)—Very double white corolla with petals that shade to pink at the base. Sepals are recurved and of palest flesh pink. \$1.00 each.

Trailing Fuchsias

For window box culture, hanging pots and baskets.

ANNA (Reiter)—Sepals, tube and base of petals strong carmine, very large double corolla of magenta. Vigorous growth and the largest flower of self color group.

AUTUMNALE (Meteor) — Highly colored foliage of bronze and orange flowers, scarlet sepals and purple corolla.

BACHELOR GIRL (Schmidt-Tiret) — Trailing double pale mallow with green tipped white sepals flushed palest pink inside. A sport of Bewitched.

BALI HI (Tiret) — Trailer with double corolla beginning violet blue, opens to mauve blue, broad tube and upturned sepals white. Good foliage and abundance of medium large flowers. \$1.00 each.

BLOOMER GIRL (Muriel Waltz) — Double bell shaped flowers in a natural trailer. Pleated petals of palest pink veined carmine. Short tube and sepals of bright carmine. Extra good hanger.

BLUE PENDANT (Brown)—Trailer in double pale blue corolla with reflexed pale rose tipped white sepals. Very fine.

BLUE PETTICOAT (Evans & Reeves) — Double corolla of beautiful silvery lilac-lavender. Tube and outside of sepals white, inside palest blush. Excellent as a hanger.

BLUETT—Trailer with tiny double lavender blue corolla and rose red sepals. A very pretty little trailer.

BOUFFANT (Tiret)—Long single white corolla veined pink at base, short tube and long broad sepals deep red.

CAVALIER (Schnabel)—A true trailer with large long bell-like single flowers of royal purple with the base of petal changing to rosy purple. The very long twisted sepals are pale pink. Heat tolerant.

CHIMES (Kennett and Ross)—Single trailer. Purple corolla to white base. Red tube, sepals flushed rose. 75c each.

CHIQUITA (Reiter)—Trailer with masses of medium double flowers of pale rosy orchid with small crinkly foliage. A natural trailer that will be a good addition to this class. 75c each.

GOLDEN MARINKA (Weber) — A good novelty trailer with the same self color deep red flowers of the original Marinka. Each leaf of Golden Marinka is variegated with gold, especially near leaf edges, turning to cream as leaves mature. 75c each.

JACK SHAHAN (Tiret) — Trailing single variety with long tube and sepals. The tube and pagoda shaped sepals are of the palest Rose Bengal and the petals of the same margined a deeper shade.

LILIBET (Hodges)—Double soft rose corolla flushed geranium lake, long tube and recurved white sepals flushed pale carmine. Beautiful long pointed, green tipped buds. Best displayed as a hanger. 75c each.

MILLIONAIRE (Tiret)—Trailer of strong growth and good foliage. Very large double flowers of deepest violet purple, short tube and broad sepals of rose red to deep red. The richest coloring of any double fuchsia. 75c each.

TRAILING FUCHSIAS—Continued

MRS. RUNDLE—Very long tube and very long pointed sepals of flesh color, with vivid orange corolla. A real beauty.

MRS. LAWRENCE LYON (Introduced by Reiter, Jr.)—Double flowered trailer with rose magenta flowers which intensifies as the flower ages.

PINK POPCORN (Hodges)—Trailer of strong growth with large single corolla of white, serrated and pink veined central petals and smaller outer petals of phlox pink. Long waxy tube and broad light pink, green tipped sepals. 75c each.

PLUM GLORY (Schnabel)—Trailer with double globular flowers of plum purple and recurved broad sepals of deep carmine. Free flowering and self branching. 75c each.

PURPLE NIGHT (Waltz)—A natural trailer with double medium to large flowers. center of corolla a deep royal purple while outer petals are heavily marbled with white and phlox pink, short white tube tipped with pink at base and the upturned sepals are frosty white flushed pink. 75c each.

ROSE CHIFFON (Schnabel)—A semi-double natural trailer with apricot overtones. Flowers are a blend of Rose Bengal in the corolla with Rose Madder sepals. The petals are apricot tinted giving the flower a warm rose pink cast. 75c each.

SAN JOSE (Erickson)—A sport of San Pablo but a little more trailing in habit. The large corolla is white and the sepals rose pink to rosy red. Should be a popular addition to the trailers. 75c each.

SNOW FLURRY (Schnabel)—A trailing semi-double near white of medium size with rosy flush at base of tube and petals. Arching to pendulous growth. 75c each.

STREAMLINER (Tiret)—Patented. Long semi-double corolla of deep crimson and extra long twisted and curved crimson sepals. Very showy as a trailer. \$1.00 each.

SO BIG (Waltz)—Natural trailer of huge double flowers. Large long stemmed pointed buds open slowly to blooms of creamy white and long upturned sepals of pale pink which open measure five inches from tip to tip. The name is the comment of those who view this lovely creation. 75c each.

SWINGTIME (Tiret)—Double milky white corolla with slight pink veining at base. Tube and short upturned sepals shiny red. Good branching habit which should make a good basket type. 75c each.

TINKER BELL (Hodges)—Long single white corolla veined soft pink. Tube is long, spreading, then upturned. Sepals range from white to pink. Spreading habit but displayed as a hanger. 75c each.

TRAIL BLAZER (Reiter, Jr.)—Double trailer of the Anna type—deep magenta corolla and sepals of slightly paler shade. Extra good hanging basket type. 75c each.

TUMBLING WATERS (Reiter)—True cascade trailing type with double corolla of cyclamen purple and reflexed sepals of dark crimson on outside and light crimson inside. A fine addition to the blue trailers. 75c each.

VAGABOND (Schnabel)—A double trailer with huge flowers of brilliant deep magenta flushed carmine and short tube and broad upturned sepals of brilliant carmine. 75c each.

VALENTINE (Reiter)—Large semi-double with white tube and sepals slightly flushed rose. Spreading corolla of deepest Imperial purple fading lighter at base. Extra good.

Single Flowered Fuchsias

Uncle Jules (See Page 23)

ANTIGONE—Large loose growing plant with gorgeous single flowers of waxy white sepals and deep orange pink corolla. Individual in form and color of flowers.

ARBORESCENS (Syringae-flora)—Mexico. Erect terminal panicles of small rosy lilac flowers. Different from all other Fuchsias. Strong growing.

AURORA SUPERBA—Sepals and tube of light orange apricot, corolla of deep orange peach. One of the very fine importations of a few years ago.

BLUE BONNET (Hodges)—Single flaring corolla of light blue deepening to purple blue with long broad upturned sepals to bright red.

BOLIVIANA (Braziliensis)—Bolivia. Standing more sun and heat, tall growing, free blooming over the summer, with clusters of long thin flowers of scarlet red.

Fanfare (See Page 10) ▶

CHANG (Oriental) (Hazard & Hazard)—Single, floriferous. Coloring and form suggest the Orient. Tube and back of sepals tinted with same color. Inside of sepals is almost white. Petals are delft rose; sometimes scarlet, frequently a blending of scarlet and pomegranate purple.

CHAS. ABRAHAM—Upright single medium size flower, sepals red and corolla purple.

CHIMES (Kennett and Ross)—Single trailer. Purple corolla to white base. Red tube, sepals flushed rose. Each 75c.

SINGLE FLOWERED FUCHSIAS—Continued

CITATION (Hodges)—A prize winning Fuchsia with single corolla of four broad white petals, lightly veined pink at base which open to wide saucer form. Tube and medium sized upturned sepals light to rose pink. Bushy, upright grower. 75c each.

CLAIRE DE LUNE (Moonlight)—

Broad leaves similar to MONTEREY. Long narrow blooms of salmon-orange, corolla flaring out at the end of tube.

BOLIVIANA ALBA—Peru. Tall growing with long thin white tube and sepals and short deep red corolla. 75c each.

Erecta (See Page 10)

ATLAS FISH EMULSION

Tests by the Nursery and others have proven **ATLAS FISH EMULSION** as the most effective fertilizer for Fuchsias. Simply dilute in water as per directions on containers and water plants during spring and summer every month to six weeks intervals.

**Pints 90c Quarts \$1.50
Gallons \$4.50**

*Aunt Juliana
(See Page 14)*

SINGLE FLOWERED FUCHSIAS—Continued

COUNTESS OF ABERDEEN (Schneewitchen)—A gem in the Fuchsias with small pale pink, sometimes white corolla, with white tube and sepals.

COUNTRY COUSIN (Hodges)—Another one of the Hodges large open flowered singles of rich violet purple petals near white at base and heavily veined flesh color. Deep red tube and upturned sepals. Medium upright grower.

ERECTA—Single white and light pink, corolla margined with rose. Flowers erect.

FANFARE (Reiter Sr.)—Very large trumpet shaped flower with an amazing rich coloring. Exceptional vigor and fine foliage. The long narrow tube and sharply pointed sepals of a varnished turkey red. The large flaring corolla is of pure scarlet.

FULGENS—Mexico. Large, hairy, light green leaves with orange vermillion corolla, orange-pink tube with green tipped sepals.

GAY SENORITA—Single bell shaped corolla deep lilac flushed rose with distinct light border edging the petals. Sepals long and spreading, deep rose red. Good grower and free flowering.

GREEN 'N GOLD (Discovered by Mrs. Carl Rasmussen, S.F.)—Variegated sport of Glendale. Flowers the same as Glendale, but leaves of deep and light green, cream and gold with a reddish flush on young leaves.

HENRI POINCARE—Long violet blue corolla and pointed red sepals. Very fine.

HERON—Very large corolla of blue purple flushed carmine at base, broad scarlet sepals with deep crimson on reverse. Very fine medium grower.

ISIS—Mexico. Medium height, with small glossy blue-green foliage and a mass of tiny bright crimson flowers.

LA BIANCA (Tiret)—Single white corolla and short tube and long upturned sepals white tipped green. Medium grower. 75c each.

SINGLE FLOWERED FUCHSIAS—Continued

MME. AUBIN—Vigorous grower with deep orange pink corolla and soft salmon sepals.

MAGELLANICA GRACILIS — Peru and Chile. Strong growing, almost climbing in habit. Small narrow leaves and small thin flowers with narrow red sepals and short purple corolla.

MAGELLANICA GRACILIS VARIEGATA —Flowers same as Gracilis above with silvery white variegated foliage.

MAXINE ELIZABETH (Tiret)—Single bell shaped corolla nearly white at base, deepening to rose-red toward orange-flushed petal edges. Long, upright sepals flushed pink on outside, salmon pink on inside. Strong upright grower with large flowers.

MAZDA (Reiter)—Large single of crisp, deep carmine, spreading corolla and gracefully recurved sepals. A prize winner.

MINUET—Very floriferous in brilliant red sepals and purple single wide open corolla. Upright growth.

MISS CALIFORNIA (Hodges) — Single to semi-double white with faintest pink glow inside corolla. Short tube and long broad pointed upturned sepals of medium pink shaded deeper pink.

MORNING GLORY — Single orchid pink and pale pink. Corolla clear orchid pink, flaring as Sunset, sepals upturned pale pink. Free blooming, self-branching.

MRS. J. D. FREDERICKS (Evans & Reeves) — Fast growing plant with masses of dainty salmon pink blossoms. Should be allowed to grow into a large spreading specimen.

MRS. W. P. WOOD (W. P. Wood)—Imported from England by Reiter Jr. Small flowered pale rose nearly white. Single flower with great vigor in growth.

MRS. RUNDLE—Very long tube and very long pointed sepals of flesh color, with vivid orange corolla. A real beauty.

OREGON TRAIL (Hodges) — Single hoop skirt corolla of light amparo purple veined rose red; tube and sepals are crimson. Medium spreading grower.

OTHERFELLOW (Hazard) — Small single flower with very soft rose shading to white at base. Waxy white tube and sepals.

PAMELA—Single open carmine rose corolla, soft pink sepals tinted carmine.

SINGLE FLOWERED FUCHSIAS—Continued

PERIWINKLE (Hodges)—Long single corolla of lavender blue, long recurved pink sepals. Can be used as a trailer. 75c each.

PINK POPCORN (Hodges)—Trailer of strong growth with large single corolla of white, serrated and pink veined central petals and smaller outer petals of phlox pink. Long waxy tube and broad light pink, green tipped sepals. 75c each.

PLEROMET (Niederholzer)—Tall upright growth with sepals of Turkey red rolling up and single corolla of very dark violet.

PURPLE SAGE (Hodges)—Single saucer shaped deep purple corolla opening perfectly flat with recurved deep red sepals. Medium grower.

Henri Poincare (See Page 10)

Mrs. J. D. Fredericks (See page 11)

SINGLE FLOWERED FUCHSIAS—Continued

REFLEXUS—Small bushy plant with tiny flowers of orange scarlet and reflexed red sepals.

ROSE OF DENMARK—One of the best with corolla of pale rose shading to deeper rose at edge of petals, reflexed pale blush sepals.

ROYAL FLUSH (Hodges)—Very large single flower of royal purple petals, flesh colored at base and veining toward center. Tube and broad, long upturned sepals deep red. Flat open flower on medium tall plant.

SAN FRANCISCO (Reiter Sr.)—Trailing type. A rather thick translucent tube and the sepals are a pale carmine rose in the inside and carmine rose on the outside. Large single corolla of pure deep orange red.

SERENADE—Very strong grower with immense clusters of single rose pink blooms with light pink sepals. Huge flower mass at tips make a grand show.

SLEIGH BELLS (Schnabel)—A single all white beautiful flower. The single white corolla forms itself into a perfect bell. Can be grown as a bush or is fine as a trained espalier. \$1.00 each.

SERRATIFOLIA (Denticulata) Peru and Chile. Long tube white tinted carmine shading to green at tips of sepals, deep orange pink corolla shading to carmine at base.

SNOWFLAKE—Single white bell-shaped corolla, upcurled sepals white. Strong grower with dark green foliage, easy to grow, free blooming.

SOUTH PACIFIC (Hodges)—Large saucer shaped single corolla of white petals veined deep pink, opening perfectly flat, broad upturned crimson sepals. Upright bushy grower.

THYMIFOLIA—Mexico. Minute flowers in profusion with tiny crimson sepals and petals. Tube of lighter shade. Prominent white stamens. One of the smallest flowers of the group.

THE DOCTOR—Deep pink to deep rose corolla with long pointed sepals of soft salmon pink. Very fine and showy.

VENUS VICTRIX—Small very distinct type with deep violet blue corolla and white sepals delicately tinted pink. 75c each.

VIVIEN LEE—Single soft coral pink corolla—sepals soft carmine tipped green.

San Francisco

Triphylla Hybrids

CORALLE—Large clusters of rich orange salmon flowers. Blue green leaves.

GARTENMEISTER BONSTEDT—Flowers glowing brick red with orange shading. dark bronze red foliage.

TAUDESCHEN BONDSTEDT—Long tubular large flowers in clusters of pale salmon pink color.

THALIA—Bronze green foliage and long orange scarlet sepals and short orange red corolla. Tall upright growth.

Other Berkeley Horticultural Specialties

CAMELLIAS

Besides our collection of America's Finest Fuchsias we have been building up a large assortment of Camellias and we now offer over 200 varieties, a long list of the most popular as well as the more unusual. No catalog on these.

HANGING POTS

We are happy to be able to offer hanging pots, without plants, complete with wires for hanging up in the following sizes:

10 inch pots at.....	\$1.50 each (10-inch size usually used for Fuchsias)
12 inch pots at.....	\$2.00 each
12 inch green glazed pots with wires.....	\$3.00 each
Redwood Hanging Baskets at \$2.50 and \$3.00 each	

ABBE FARGES—Tall upright growth with masses of medium sized flowers, the corolla silvery lilac and deep pink sepals.

AFTERGLOW (Reiter)—Medium sized double flowers open from cream buds into frilly powder puff flowers of unfading pale flame. Tubes and recurved sepals are creamy, maturing pale rose.

Double Flowered Fuchsias

Abbe Farges

ANNA—Sepals, tube and base of petals strong carmine, very large double corolla of magenta. Vigorous growth and the largest flower of self color group. See color plate, page 5.

AUNT JULIANA (Hanson)—A pale lavender blue sport of UNCLE JULES. A fine addition to the blue group of Fuchsias.

DOUBLE FLOWERED FUCHSIAS—Continued

AVALANCHE (Schnabel)—A white star-like double flower with broad, thick, white sepals edged with rose. 75c each.

BALI HI (Tiret)—Trailer with double corolla beginning violet blue, opens to mauve blue, broad tube and upturned sepals white. Good foliage and abundance of medium large flowers. \$1.00 each.

BERNADETTE (Schnabel)—Descendant of **WONDER BLUE** and **WINSTON CHURCHILL**. Upright plant with pale rose sepals and double corolla of Veronica blue.

BERKELEY (Reiter) — Large flowering, free blooming and a vigorous grower. The double flowers are brilliant Tyrian Rose with marbling and edging of lighter tones. The tube and sepals are of a lighter tone. Flowers in heavy clusters. 75c each.

BETSY ROSS (Walker & Jones)—Trade Mark Reg. Double corolla of rich blue violet. Tube and outside base of upturned white sepals deep flesh, inside of sepals blush, tipped pale green. Bush growth for good pot culture. 75c each.

BEWITCHED (Tiret) — Patented. Double deep violet purple corolla, tube and outside of sepals white, inside flushed pale pink. Large flowers and will make an excellent hanger. \$1.00 each.

BLACK MAGIC (Hodges)—Double corolla of wide spreading curled and twisted petals of very deep purple and broad recurved sepals of deepest red. 75c each.

BLUE PENDANT (Brown)—Trailer in double pale blue corolla with reflexed pale rose tipped white sepals. Very fine.

BLUE WAVES (Waltz)—Double corolla with waved petals of deep campanula violet, tube is flushed pink and upturned sepals are Neyron rose. The outer petals are splashed rose white, the center remains deep violet blue. Can be pinched to make a basket. 75c each.

BOUDOIR (Reiter)—Large double flowers of daintiest coloring, petals of pale Bishop's violet which fades to pale orchid purple, sepals of creamy color. 75c each.

BRIDESMAID (Tiret) — Patented. Double corolla of pale lilac orchid deepening toward edges. White tube and sepals with light carmine blush. Strong upright bushy grower. \$1.00 each.

BUNKER BOY (Tiret)—Double corolla of long fluted petals near white at base shading to geranium lake at edges. White flushed pale carmine tube and sepals. Strong upright grower.

BURGUNDIAN (Schnabel)—A double burgundy red flower with dark wine red shadings. The waxy tube and sepals are of deep carmine. Tall growing variety. 75c each.

CAMEO (Schnabel)—Low bush with pale rose madder sepals and semi-double corolla of a shade lighter. Good pot plant.

CHEROKEE (Hodges)—Double corolla with large center petals, many somewhat pleated. Purplish flowers turning up, causing corolla to spread out flat. Strong grower. 75c each.

DOUBLE FLOWERED FUCHSIAS—Continued

CHIQUITA (Reiter)—Trailer with masses of medium double flowers of pale rosy orchid with small crinkly foliage. A natural trailer that will be a good addition to this class. Each 75c.

CLARION (Reiter)—Upright grower with double deep rose-bengal corolla and recurved sepals of pure crimson.

CONSTANCE — One of our own hybrids from Pink Pearl, and one we very highly recommend. Same upright habit with double blue shaded pink corolla and soft pink petals. Very free blooming.

CORONATION (Tiret)
—Patented. Double white spreading corolla, a most distinctive shade of rosy-raspberry. Short tube and long narrow sepals waxy white, sepals flushed soft pink on underside. Tall, upright willowy grower. \$1.00 each.

CRESCENDO (Reiter Sr.)—Double flowered with the outer one-third of corolla Peony purple and the margins and lower two-thirds are Turkey red. Sepals are Turkey red. Shrubby upright type of good growth and continuous bloom. The most red double Fuchsia.

CORPUS CHRISTI—Double corolla of soft lilac-lavender, overlaid with flesh pink. Tube and upturned sepals of rose red.

CRINOLINE (Reiter)—A large puffy double with tube and broad sepals of rosy white tipped green and the deeper colored double corolla of clear rose.

CROWN JEWELS (Schmidt)—Large double widespread ruffled corolla of an attractive glowing rose, with pale green center when fully open; greenish tube and long broad, white sepals with faint blush. Tall, willowy grower.

Valentine (See Page 7)

DOUBLE FLOWERED FUCHSIAS—Continued

DAINTY DAMSEL

(Schnabel)—A semi-double flaring flower whose rolled petals are deep violet blue fading to soft orchid banded by short star-like clear white sepals and short pink tube. Bushy upright grower with arching branches.

DON PERALTA (Tiret)

Very large flower of semi-double corolla of deep carmine red similar in color to ANNA. Vigorous, upright grower.

DU BARRY (Tiret)

Patented. Double purple corolla with smaller outside petals of either flesh pink or heavily marbled. Tube and broad reflexed sepals of soft pink. \$1.00 each.

EASTER BONNET (Waltz)

—Large double corolla of a lovely dusky rose pink with deeper shade at base of petals, short tube flushed rose and broad frosty upturned sepals shading from deep pink at base to pale pink, tipped with green. Medium size bushy plants. 75c each.

Crinoline

ECSTACY (Tiret)—Double corolla with inner petals of hyacinth blue and the outer the same splashed with Phlox pink. Broad Neyron rose sepals. Large flower and an excellent grower.

EL CAMINO (Lee) — Double corolla of white, heavily flushed and veined rose. Short tube and broad upturned sepals of rose red. Bushy grower of medium height. 75c each.

ENCHANTED (Tiret)—Patented. Large double campanula blue corolla, outer petals overlaid with fuchsia pink, all petals edged with pale lilac line, rose-red sepals. Good upright grower. \$1.00 each.

Gypsy Queen (See Page 18)

DOUBLE FLOWERED FUCHSIAS—Continued

FANTASY (Muriel Waltz)—A semi-double open flat flower of fair large purple petals pale orchid pink at center with smaller petals between, mostly pink shading purple at edges. Sepals and tube white flushed pink. Good upright grower.

FASHION (Niederholzer) (Waltz Gardens) — Semi-double corolla of deep violet margined and overlaid with mauve and rose, white tube and rose sepals.

FLIRTATION (Leitner)—Sport from Lucky Strike. Tube and long reflexed sepals of pale rose madder with petals evenly tinted with the palest Petunia purple.

FLORADORA (Muriel Waltz)—Double corolla of deep violet flushed rose at base. Thick ruffled petals open into compact flowers of perfect symmetry. Sepals and tube of Neyron rose. Medium upright bush.

FLUORESCENT — Semi-double soft lilac orchid corolla with short tube and long broad sepals of white faintly marked pink at edges.

FLYING CLOUD (Reiter)—Patented. Double white corolla and sepals with the palest rose tinting. One of the stronger growing “all white” Fuchsias. \$1.00 each.

FRENCHI (Waltz)—Tube flushed white with wide upturned recurved salmon-pink sepals. Large double corolla is silvery blue and pale rose-mauve with pink splashes. Medium bushy grower.

GEORGANA (Tiret) — Bushy upright grower with large double grey-blue corolla and pink sepals. 75c each.

GRAY LADY (Reiter) — Double corolla of exquisite pale grayish blue cast fading to delicate lavender rose. Vigorous upright grower.

GUS NIEDERHOLZER (Niederholzer) — A large double flower of veronica blue. Long upcurved sepals of carmine. Scalloped petals open bell fashion and fade to beautiful shade of orchid.

GUINEVERE—Single to semi-double, long corolla a beautiful shade of blue; tube and long, broad, spreading sepals white, flushed pink on underside. Strong, spreading growth, good foliage. Most attractive flower.

GYPSY PRINCE (Ervin)—A sport of Gypsy Queen with the same large flowers but has corolla of deep violet purple with small outer petals marbled flesh pink at base. A fine variety for every garden.

GYPSY QUEEN—A very fine Fuchsia. Enormous flowers with deep crimson sepals and rosy mauve white line around edge of each petal, scarlet sepals.

HIS EXCELLENCE (Reiter) — A fine double purple with white tube and sepals. Medium to large globular flowers with rather fine small foliage. A must for the collection. 75c each.

INNOCENCE (Reiter) — A “near white” double flowered Fuchsia on a dense bushy plant. Semi-double medium sized flowers of glistening white petals and upturned sepals of pale rose to crimson at base and on tube.

DOUBLE FLOWERED FUCHSIAS—Continued

JAMBOREE (Reiter)—A large double with corolla of irregular petals of real deep carmine with tube and sepals of the same bright color. The growth is stiffly upright and this new color has proved very popular. 75c each.

JOAN OF ARC (Reiter, 1947)—This variety is of a clearer white than Ave Maria, and is of better form with larger more double flowers. Cool conditions are essential to its successful culture.

JUBILEE (Reiter)—A large double magenta red with petals edged with deep rose fading to lighter shade toward the center of the flower. Long spreading sepals of white flushed pale rose. Strong bushy grower. 75c each.

KITTY O'DAY (Hazard and Hazard)—Very double. Tube and sepals rose red. Corolla white washed and veined rose red. Petals beautifully cupped or rolled in edges, rose-like.

LACE PETTICOATS (Tiret)—Double corolla of serrated petals of white faintly shot with palest blush. Large full flower, outspread white sepals. Is most white in the shade. Vigorous upright grower. 75c each.

LUCKY STRIKE — An unusual colored Fuchsia in rather striking combination of blue-purple-pink and gray tones. Globular in form and quite double.

MERLE HODGES (Hodges)—Large double fluffy corolla of soft powdery blue, lightly veined and outside petals flushed pink. Broad upturned sepals of rosy red. Low spreading bush. May be used in hanging basket.

MISS FRILLS (Tiret)—Double spreading corolla with scalloped petals of soft orchid lilac, tube and upturned sepals rose pink. Bushy grower and free bloomer.

MISS PRIM—Large semi-double with petals of deepest Imperial purple fading to lighter shade. Sepals carmine.

MOLESWORTH—Full double snowy white, scarlet sepals.

MOTH BLUE (Tiret)—Double corolla of deep lilac blue, short tube and long broad upturned red sepals. Strong upright grower.

MRS. DESMOND (Introduced by Hazard & Hazard)—Large flowers, sepals rose red inside, darker outside. Corolla light Amaro purple exquisitely veined.

MOONLIGHT (Waltz)—Semi-double medium sized flower with corolla of palest fleshy pink deepening as flower matures. The short tube and long frosted sepals are greenish white tipped with pale green. Excellent for pot plant or basket.

NEW HORIZON (Reiter)—A large double corolla of crispy light blue petals and pale rose sepals. A delicately colored flower of good quality.

OLD SMOKY (Schmidt)—Large double old rose corolla with smoky cast and outspread sepals of flesh color. Somewhat pendulous branches.

PARTY FROCK (Trade Mark Reg.)—Semi-double lavender-blue corolla splashed with phlox pink on outer petals. Tube and upturned sepals rose pink. Upright grower with large flowers. \$1.00 each.

DOUBLE FLOWERED FUCHSIAS—Continued

PATTY EVANS (Evans & Reeves)—A vastly improved Rolla of which it is a seedling. The plants are extremely vigorous, growing to a height of 5 to 6 feet with large double flowers with corolla white.

PETITE (Waltz)—A small double pastel with bright lilac blue corolla and soft rose tube and sepals. Vigorous bushy grower ideal for potting.

PICOTEE (Schnabel) — Semi-double medium sized corolla and deep violet and pink petals—serrated outer edges, tube is ivory pink and thick sepals are deeper pink. Medium bushy grower.

PINK FAIRY (Waltz)—Large double clear pink corolla and creamy white tube with broad recurving sepals of palest rose slightly tipped white. An excellent pot plant.

PINK PARFAIT (Schnabel)—A double spreading corolla with tube, sepals and petals, all a clear shade of light “strawberry ice cream pink” which does not fade. Medium grower. 75c each.

PIO PICO (Tiret)—Very large double flower with corolla opening violet purple turning to wine purple, small outer petals splashed with fuchsia pink. Short tube and broad reflexed sepals of pale pink, inside of sepals deeper pink. Strong grower. 75c each.

PLUM GLORY (Schnabel) — Trailer with double globular flowers of plum purple and recurved broad sepals of deep carmine. Free flowering and self branching. 75c each.

POLAR SEA (Reiter)—Very large corolla of deep purple marbled with white at base with white sepals and tube. A vigorous upright grower.

POTENTATE (Reiter)—Double corolla with blend of rose madder and crimson, long tube and long recurved sepals of rose madder. Huge flowers of the Rubeo type. 75c each.

PURPLE NIGHT (Waltz)—A natural trailer with double medium to large flowers, center of corolla a deep royal purple while outer petals are heavily marbled with white and phlox pink, short white tube tipped with pink at base and the upturned sepals are frosty white flushed pink. 75c each.

BEWITCHED (See Page 15)

**DOUBLE
FLOWERED
FUCHSIAS**
(Continued)

PUGET SOUND

(Hodges) — Double milky white corolla overlaid pink, all veined pink at base; tube and broad upturned sepals rosy red. Can be used as trailer.

REVERIE (Reiter) —

Medium sized double with waved petals and recurved sepals of pale rose. Bushy growth and a beautiful Fuchsia. 75c each.

ROSE CHIFFON (Schnabel) —

A semi-double natural trailer with apricot overtones. Flowers are a blend of Rose Bengal in the corolla with Rose Madder sepals. The petals are apricot tinted, giving the flower a warm rose pink cast. 75c each.

RUBEO (Tiret, 1947) — Vigorous bush with large rugose foliage. corolla ranging from deepest rose bengal on the center petals to deep crimson on the outer petals. Color intensity is heightened with flecks of marblings of geranium lake. Pale carmine tube and carmine sepals.

SAN JOSE (Erickson) — A sport of San Pablo but a little more trailing in habit. The large corolla is white and the sepals rose pink to rosy red. Should be a popular addition to the trailers. 75c each.

SANTA MARIA — Double white spreading corolla, heavily veined red and splashed red on outer petals. Tube and sepals deepest red. Upright growth.

Flying Cloud (See Page 18)

*Ecstasy
(See Page 17)*

DOUBLE FLOWERED FUCHSIAS—Continued

SAPPHIRE (Waltz)—Double corolla of deep purplish blue and wide frosty sepals of clear pink inside and outside.Flushed pink with short, creamy white tube. Ideal for pot plant. 75c each.

SEA SPRITE (Reiter)—Graceful double flowers with pale violet blue petals in a mound with an airy crinkled globular mass nestled at the base of long spreading white sepals. The older flowers fade to a clear rose self, changing color without losing charm. Strong upright grower. 75c each.

SAN LUIS OBISPO (Trade Mark Reg.)—Double spreading corolla white with palest blush, veined and flushed carmine at base of petals, edges of petals curled and serrated. Tube and broad sepals deep carmine. Strong, upright growing.

SHY LADY (Waltz)—Double corolla of a creamy ivory opening to a symmetrical formal flower and petals turning to a new delicate shade of pale peach, short tube and broad pointed upturned sepals of ivory white. Upright grower naturally branching into bushy habit to make a good pot plant. 75c each.

SNOWBALL (Reiter)—Huge double creamy white corolla and white sepals and tube with flush of pink at the base.

SO BIG (Waltz)—Natural trailer of huge double flowers. Large long stemmed pointed buds open slowly to blooms of creamy white and long upturned sepals of pale pink which open measure five inches from tip to tip. 75c each.

SOPHIA (Tiret)—Double Dubonnet purple corolla, tube and long sepals waxy white, inside of sepals flushed palest carmine. Strong, upright grower. 75c each.

STELLA MARINA (Schnabel)—Semi-double huge flowers of violet blue marked crimson, long recurved crimson sepals. Large grower with abundant blooms.

SWINGTIME (Tiret)—Double milky white corolla with slight pink veining at base. Tube and short upturned sepals shiny red. Good branching habit which should make a good basket type.

THE ARISTOCRAT (Waltz)—Large double creamy white corolla with flaring serrated petals slightly veined rose at base. White tube and spreading upturned pale pink sepals tipped with white. Strong upright grower.

THE INDIAN (Reiter)—Semi-trailer with large, long, double flowers of dark crimson corolla and white tube and sepals. A fine bicolor that gives a very pleasing effect. 75c each.

THERESA—Double soft violet-blue corolla, soft pink recurved sepals. Dwarf.

TITANIC (Reiter)—Double corolla ranges from carmine at base of petals to deep petunia purple toward the edges which have a light “bead” margin. Short carmine tube and thick recurved carmine sepals. Will trail.

THE DOWAGER (Reiter)—A huge double flowered blue purple corolla, tube and sepals magenta red, with the size of flowers and the mass produced, easily one of the best of its class.

DOUBLE FLOWERED FUCHSIAS—Continued

TIMMY (Evans)—Small semi-double flowers in abundance. White corolla, pink veins and broad upturned red sepals. A cross of the species Riccartoni. Should be hardy. 75c each.

TREASURE (Niederholzer)—Fine upright growth with plenty of flowers. Very pale orchid double corolla of large size; calyx Neyron rose. One of the best.

TULIP TIME (Kennett and Ross)—Double flowers on medium bushy plants. Lobelia blue to violet. white sepals, pink below.

TUTU (Reiter)—Double flowered bushy growing variety excellent for pot culture. Large flat flowered corolla of pale Rhodamine purple flecked with pale violet. Spreading sepals are palest rose inside and greenish white outside.

UNCLE CHARLEY (Tiret)—Semi-double lilac lavender corolla, tube and broad sepals rose red. Strong growing and should espalier well.

UNCLE JULES (Reiter 1947)—Double violet blue, sepals crimson. Foliage is small and thick and the growth scendent. Giant double of fine “blue” coloring. Will trail.

VIENNA (Niederholzer)—Double corolla with long scalloped petals of soft lilac blue splashed with pale rose and Bengal rose. The tube and long recurved sepals of Bengal rose. Vigorous upright grower.

VIE EN ROSE (Reiter)—Double medium sized flowers with broad sepals and dense full petals of pale Tyrian Rose mixed with light violet and occasional flecks of white. 75c each.

VOODOO (Tiret)—Large double corolla of the deepest purple violet with short tube and long, broad upturned sepals dark red. Strong upright grower.

WEDGWOOD (Schnabel)—A new blue and white double, with near white tube and long glistening sepals and spreading double corolla of blue violet. Bushy upright growth.

WEE ONE (Tiret)—Double medium size corolla and inside of sepals a lovely soft pink, tube and outside of sepals slightly paler. Strong upright grower, highly recommended. 75c each.

WHITEMOST—Semi-double white, sepals light pink. Strong grower, very free blooming. Easy to grow—one of the finest Fuchsias.

WHITTIER (Home Fuchsia Gardens)— Semi-double corolla with large center petals white flushed pale orchid and shorter outer petals soft pink. Short tube and spreading sepals white, underside of sepals softest pink, tipped green. Medium grower. 75c each.

YONDER BLUE (Tiret)—Double globular corolla of deep blue and broad upturned sepals of rose red. Large flowers on a vigorous upright growing type. 75c each.

YULETIDE—Large double white corolla and crimson sepals. Strong grower. Espaliers nicely.

A black and white photograph of a Fuchsia Berkeley plant. The image shows several long, pendulous flowers hanging downwards from a central stem. The flowers have a distinct two-lipped structure with a long, thin stamen protruding from the upper lip. The leaves are large and deeply lobed, with prominent veins. The background is plain and light-colored.
